PROFESSIONAL SUMMARY

Data Analyst with 2+ years of experience delivering end-to-end business intelligence solutions using Power BI, SQL, and Python. Specialized in data modeling (Snowflake schema, DAX), complex SQL querying (CTEs, Window Functions), and statistical analysis (A/B testing, hypothesis testing). Track record of driving actionable outcomes, including boosting platform retention from 61% to 87%. Strong cross-functional communicator with experience presenting technical insights to stakeholders.

CORE COMPETENCIES

Data Analytics & BI: Power BI (Complex DAX, Snowflake schema) | Advanced Excel | A/B Testing | Cohort Analysis.
Databases & SQL: JOINs, CTEs, Window Functions, Stored Procedures, Subqueries, Query optimization | MySQL, PostgreSQL | Data modelling, ETL pipelines.
Programming: Python (Pandas, NumPy, Seaborn, Matplotlib) | EDA, Feature Engineering | Statistical Modelling.
Tools & Platforms: Git, GitHub, Jupyter Notebook, Google Colab, VS Code, Docker, Flask
Soft Skills: Stakeholder Communication, Data-Driven Decision Making.

PROFESSIONAL EXPERIENCE

Data Analyst | ENTRI App - Remote | April 2025 - Present

- Execute **monthly analytics on learner performance, retention, and engagement; communicate insights to product and operations teams.**
- Developed a Power BI dashboard with daily data refresh, tracking 12+ KPIs through DAX measures and a Snowflake schema data model.
- **Drove 30% retention improvement:** Analyzed cohort data, identified bottlenecks; **retention rate increased 61%→87% over 8 months.**
- Perform A/B testing, cohort analysis, and statistical validation on learner segments.

Analytics Associate | THULI - Chennai | November 2023 - February 2025

- Developed Python-based ETL pipelines; computed 20+ metrics (pass rates, completion times, concept mastery) from student performance data.
- Performed EDA on cohort performance; identified bottlenecks supporting 80% job placement rate across 500+ graduates.

Analytics Associate Intern | THULI - Chennai | November 2022 – November 2023

- **Built automated weekly performance reports** analyzing 20+ metrics (completion rates, time-to-completion, concept mastery) for 500+ students; delivered insights to program managers enabling data-driven curriculum adjustments.

PROJECTS

Corporate Payroll Analytics Dashboard | GitHub

Optimized **$578.44M** payroll across **500 employees** and **5 industries**. Built Power BI **Snowflake model** with **8+ DAX metrics;** identified **$21.56M favorable variance** which is **-3.59% against $600M baseline.**

Tech: Power BI, DAX, Snowflake Schema, Excel

Auto Parts E-Commerce & Retail Analytics | GitHub

Analyzed **$22.68B+** in multi-table auto parts sales using PostgreSQL to optimize **RFM segmentation**, Customer **Cohort Retention**, and Product Pricing strategies. Executed complex SQL queries for **Credit Risk** and Shipping Latency analyses to drive **CLV growth** and operational efficiency.

Tech: PostgreSQL, DBeaver, CTEs, Window Functions

KEY ACHIEVEMENTS

- Recognized as **Highest-Rated Employee – Q1 2026.**
- Improved **customer retention rate from 61% to 87%** through monthly performance analysis.
- Recognized as Top Performer – Q3 2026.
- Maintained an average employee rating of 4.8/5.0 from January to September 2026.

EDUCATION

BTech - Artificial Intelligence & Data Science | Kings Engineering College, Chennai | Graduated May 2025
